OTC Purchases with Your Benefits Card

The Special Interest Group for IIAS Standards (SIGIS) is making significant changes in response to changes made by the Affordable Care Act. Over 27,000 OTC items remain on the list for purchase without a prescription and can still be purchased through a Benefits Debit Card at SIGIS-certified merchants without the need for further substantiation (see list above).

OTC purchases requiring prescription cannot be purchased with Benefits Debit Card.

Purchases of qualified items now requiring a prescription made at pharmacies or supermarkets cannot be purchased through a Benefits Debit Card. These purchases will need to be paid out-of-pocket and submitted to Combined Services LLC for review and approval prior to reimbursement.

Combined Services LLC encourages you to keep your receipts for tax purposes regardless of how the transaction is processed.
